#### FROM MESSRS, LEWIS & HAZLETT

THE WHEELING BROKERS HAV-ING THE PROPERTY IN CHARGE-THE LESSEE IS BACK-ED BY A SYNDICATE OF BRIL-LIANT CITIZENS WHO HAVE LONG DESIRED TO HAVE THE PLANT RESUME-STARTS OFF. WITH AN ORDER FOR 5,000 TONS OF BAR AND MUCK IRON.

The Intelligencer has learned on excellent authority of the leasing yesterday of the plant of the Brilliant Tube & Pipe Company, located at Brilliant, up the river in Jefferson county, opposite Wellsburg. The works is leased by Thomas F. Mullaney, at present a foreman at the Astna-Standard works, across the river, and the paper is executed by Lewis & Hazlett, the Wheeling iron brokers, acting for the company owning the plant, which is made up of Wheeling people.

For some time the citizens of Brilliant have desired to aid any movement looking to resumption at the plant, which has been idle for about fifteen months. Recently they have seen receiving sub-scriptions to a fund to be used in placing the works in operation, and enlisted the co-operation of Thomas F. Mullaney, of Martin's Ferry, who, as related above has entered into a lease of the property. The lessees expect to place the plant in condition to resume operations, before the first of next month. On account of the long idle-ness, considerable time and expense wilness, considerable time and expense with the necessary to place the works in good shape again. The coal shaft has become filled with water and will have to be pumped out. The coal lies very low and when the works was last operated it was found difficult to keep the water

down.

It is said the lessees of the Brilliant works start off with an order from Pittsburgh parties with an order for 5,000 tons of bar arsi muck iron.

#### AMUSEMENTS.

An innovation in beautiful and complicated stage manouvers is "the March of the Romans," introduced this senson as one of the leading features of the Al. G. Field Minstrels. This brilliant speciacle is the handiwork of Dan Quinian. Twenty young men take part, costumed in the dress of the Roman warrior, their manouvers taking place in a realistic representation of Rome's famous Coliseum. When Dan Quinlan attempts anything he does well and the result of the present efforts is an a brilliant spectacle, viewed from any and every standpoint. A grand finale is furnished in a broad sword combat between two horsemen, mounted on the pure white Arabian thoroughbreds. hele and Suitan. Local theatre goers will have an opportunity of witnessing this stirring feature when the merry minstrels make their annual appearance in this city at the Opera House, Wednesday, January 12.

#### "MISS PHILADELPHIA."

"MISS PHILADELPHIA."

"Miss Philadelphia" was born in Philadelphia and enjoyed a lengthy run at two local theatres, after which she spent an entire season on the road. In the main "Miss Philadelphia" is the same entertalmment that pleased Wheeling theatre-goers when it was first disclosed. William Penn again comes to life and is seen in front of the Union League, on Chestnut street and in the park. His Quaker garb is discarded for up-to-date clothing, including a bicycle suit. There is the march a parade of New Joe Cawthorn's Year's shooters, etc. William Penn, jr., recalls the work of Mr. Henshaw in the part, and Miss Livia Crox Senbrooke is a plump Ruth Springgarden. Probably the most artisperformer in the cast was William West, who played William Penn. 11. West, who played William Fenn. Joe Cawthorn gives his musical speciality and Lilly Collins dances in pleasing style. The company has more pretty and shapely girls than has the average comic opera organization. "Miss Philadelphia" will appear at the Opera House next Thursday, January 13.

#### "THE TURN OF THE TIDE."

"THE TURN OF THE TIDE."

A splendid comedy-drama, well illustrating the fickleness of fortune, but which happily was produced for the first time in this city to a large audience at the Grand last night. It tells a very interesting story, and it was enacted by an entirely competent cast, headed by Oliver and Kate Byron, who have already established themselves as prime favorites among patrons of the Grand. Several members of the company introduced very pleasing specialties. This afternoon "The Upa and Downs of Life" will be repeated, and the engagement will close with "The Hunger" to-night.

BASE BALL.

Considerable interest is being manifested in the approaching meeting of the Inter-state league magnates at Dayton, on January 18. Applications for memberahip have been received from Grand Rapids, Mich., Akron, O., and Terre Haute, Ind., and in the event any of the clubs in the present circuit drop out, here are three good cities. The only objection to Grand Rapids is that it is so far out of the Rapids is that it is so far out of the way of the hitherto compact Intersinte circuit. The application from the Michigan city would lead to the belief that it is to be dropped from the Western league's circuit—but in ..hose favor? Toledo's, perhaps, but it isn't likely. #### BOXING.

The coterie of Cincinnatians who come for the approaching Bezenah-Gardner twenty-round bout before the Metropolitan club on next Tuesday evening, arrived in town yesterday and are quartered at the Windson. The party includes one of the principals in the contest, Eugene Bezennh, one of the most promising young boxors in the west; his manager and backer, J. B. McKee; his trainer, Eugene Lutz, and others. During the afternoon Bezenah and his manager made arrangements for the use of the Beabout clubrooms, where the boxer will finish his training. He is in tip-top condition now, being down to 133 pounds and will enter the ring possibly a pound lighter. The Bezenah crowd are confident their man will be able to best Gardner and have plenty of the long green to back up their claims at the ringside. A Remyrkable Number of Cures Made
By the Pyramid Pile Cure.

About one person in every four suffers
from some form of rectal disease. The
most common and annoying is itening
piles, indecated by warmth, slight moisture and intense, uncontrollable itening
in the parts affected.

The usual treatment has been some
simple oliminent or salve which sometimes give temporary relief, but nothing like a permanent cure can be expected from such superficial treatment.
The only permanent cure for itening
piles yet discovered is the Pyramid Pile
Cure, not only for itening piles, but for
every other form of piles, bilint, bleeding
or protruding. The first application
gives instant relief and the continued
use for a short time causes a permanent
removal of the tumors or the small parsaltes which cause the intense litching
and discomfort of itening piles.

Many physicians for a long time supposed that the remarkable relief affordsed by the Pyramid Pile Cure was because it was supposed to cantain cocaine, opium or similar drugs, but such
is not the case. A recent careful analysis of the remedy showed it to be absolutely free from any cocaine, opium, or
in fact any poisonous, injurious drugs
whatever.

Put this reason the Pyramid Pile Cure
is probably the only pile cure extensively recommended by physicians\_because it is so safe, so prompt in the relife afforded and so far as known the
only positive cure for piles except a
surgical operation.

In one year the Pyramid Pile Cure
